## **COVER LETTER**

I am a very innovative Software Developer Graduate who have ability to solve complex problem with pedagogical thinking skills and have attitude of adding the value to world through software development.

I am currently unemployed looking for an opportunity that will kick-start my career. Am sure every company will appreciate my presence because working in teams is what I like the most and time management is my daily bread.

I love being exposed to problems that are more complex.

I am a team player.
